Brokers, manufacturer's representatives, sales representatives and non-stocking

distributors are considered as conduits that do not perform a commercially useful business function.

Affiliation means that the entity applying for SBE Certification controls, has the power to control, or is controlled by another entity or entities, or an identity of interest exists between the entity applying for SBE Certification and another entity or entities. 11 Business Development Center, Palm Beach Resource Center, Palm Beach
12 Community College or other office of Small Business Assistance approved
13 course. An eligible small business for this program shall be an independent
14 business. Recognition of the business as a separate legal entity for tax or
15 corporate purposes is not necessarily sufficient for recognition as a small
16 business. In determining whether a potential small business is an independent
17 business, the county shall consider all relevant factors, including but not limited
18 to, the date the business was established, the adequacy of its resources for the
19 type of work specified, relationships with affiliates and subsidiaries, and the
20 degree to which financial, equipment leasing and other relationships with other
21 businesses vary from established industry practices. An eligible small business
22 for this program must perform a commercially useful business function. If there
23 has been a recent change in ownership of the business, a review of whether the
24 acquisition of the business was done pursuant to an arm's length transaction will
25 also be considered in determining independence of the business.

26 **SECTION III. COMMERCIALLY USEFUL BUSINESS FUNCTION:**

27 Section 2-80.30(b) of the Palm Beach County Code is amended to read as follows:

28 A small business is considered to perform a commercially useful business

2 perform a commercially useful business function and will not be eligible for
3 certification as a SBE. In determining whether a business performs a

5 limited to whether the business adds a value to the product or service provided;

Businesses will only be certified in the areas where they provide a commercially useful business function. In those instances when the ~~NAICS and/or NIGP~~ codes are broader than the goods or services provided by the applicant, the office of small business assistance will appropriately limit the certification to those goods or services for which the application performs a commercially useful business function.

(3) When deemed appropriate by the office of small business assistance, a personal interview or site visit will be scheduled with the principal(s) to discuss the documentation submitted and determine if the applicant meets the established criteria.

4 SBE every three (3) years along with an application for recertification. The office of
5 small business assistance may conduct site visits or review documents to ensure
6 continued compliance as a small business. If there has been a change in operation,

9 Supporting documentation may be required for continued certification. A company that
10 fails to submit its application for recertification and affidavit of continued eligibility or fails

12 site visit, will no longer be deemed certified for purposes of participation in the small
13 business program.

14 The criteria for recertification shall be the same as for certification. An applicant may
15 request an appeal of denial of recertification within fifteen (15) days of receipt of notice
16 of denial. The hearing shall be conducted in the manner describe in section 2-80.30(g).
17 An applicant denied recertification may not reapply for certification for one (1) year from
18 the denial of recertification.

19 **SECTION VII. DECERTIFICATION:**

20 Section 2-80.30(i) of the Palm Beach County Code is hereby amended to read as
21 follows:

22 If during the period of certification, the county has reason to believe that the SBE
23 received certification improperly, or that there has been a substantial change in
24 circumstances in the operation, ownership, control, activities, domicile, or ~~adjusted~~
25 ~~gross margin-receipts~~ that continued certification would be contrary to the county's small
26 business policy, then the Office of Small Business Assistance may conduct an
27 investigation of the allegations.

28 The Office of Small Business Assistance may decertify the SBE if the
29 investigation indicates that:

- 30 1. The small business cannot be contacted at the last known address in

1 Palm Beach County;

2 2. The small business is no longer in business;

3 3. The small business is no longer licensed to do the type of business for which
4 it was certified;

5 4. The small business obtained its original certification and/or recertification
6 through false representation or deceit;

7 5. The small business has been disbarred or suspended as a vendor by the
8 county purchasing department. At the expiration of any suspension, the firm may
9 reapply for certification;

10 6. Site visits have revealed no business being conducted at the county location;
11 or

12 7. The small business does not meet the current eligibility standards for
13 certification as a small business. Certification under a previous ordinance does not
14 guarantee that the small business continues to be eligible for their entire certification
15 period.

16 8. The small business does not perform a commercially useful business function.

17 9. The small business refuses to allow an on-site inspection.

18 10. The small business has failed to notify the Office of Small Business of any
19 change in the ownership, location, structure or any other aspect of the small business
20 which would affect its small business certification.

21 The Office of Small Business Assistance shall notify the small business by
22 certified mail that it has been decertified. The small business may request an appeal
23 hearing of the decertification within fifteen (15) days of receipt of the notice. The
24 resolution of the appeal shall be conducted in the manner described in Subsection 2-
25 80.30(g). Nothing in this section shall prevent the Office of Small Business Assistance
26 from commencing an investigation regarding the legitimacy of a small business
27 certification. A business decertified pursuant to this section may not re-apply for
28 certification for one (1) year from the date of decertification.

1 **SECTION VIII. MWBE ELIGIBILITY:**

2 Section 2-80.31 of the Palm Beach County Code is amended as follows:

3 (a) Eligibility standards: Although preferences to certified MWBEs will not be
4 extended under this part, unless otherwise provided by law, businesses eligible for
5 certification as a MWBE are encouraged to maintain their certification in order to assist
6 in the tracking of MWBE availability and awards of contracts to MWBEs. This
7 information is vital to determining whether race and gender neutral programs assist
8 MWBE firms or whether race and gender preferences are necessary in order to
9 address any continued discrimination in the market.

10 An eligible MBE or WBE is a small for profit business concern domiciled in the county
11 which is both owned and controlled by minorities or by women and whose gross
12 receipts are within the standards as defined in Section 2-80.21 above. Further, the
13 business must meet all other criteria of a small business as provided above. This means
14 that minorities and/or women must own at least fifty-one (51) percent of the business
15 and that the management and daily business operations are controlled by the minorities
16 and/or women who own it. An eligible MWBE for this program shall be an independent
17 business. The ownership and control by minorities and/or women shall be real,
18 substantial and continuing, and shall continue beyond the pro forma ownership of the
19 firm as reflected in its ownership documents. The minority and/or women owners shall
20 enjoy the customary incident of ownership and shall share in the risks and profits
21 commensurate with their ownership interest, as demonstrated by an examination of the
22 substance rather than form or arrangements. Recognition of the business as a separate
23 legal entity for tax or corporate purposes is not necessarily sufficient for recognition as
24 an MWBE. In determining whether a potential MWBE is an independent business, the
25 county shall consider all relevant factors, including but not limited to the date the
26 business was established, the adequacy of its resources for the type of work specified,
27 relationships with affiliates and subsidiaries, and the degree to which financial,
28 equipment leasing and other relationships with nonminority firms vary from established
29 industry practices. If there has been a recent change in ownership of the business, a
30 review of whether the acquisition of the business was done pursuant to an arm's length

1 transaction will also be considered in determining independence of the business.

2 An eligible M/WBE must perform a commercially useful business function, ~~as opposed~~
3 ~~to only acting as a conduit.~~

4 (1) Ownership: In determining ownership of the business, the contribution of
5 capital or expertise by the minority and/or women owners to acquire their interest in the
6 firm shall be real and substantial. Examples of insufficient contributions include, but are
7 not limited to, a promise to contribute capital, a note payable to the firm or its owners
8 who are not minorities or women, or the mere participation as an employee, rather than
9 as a manager/owner.

10 (2) Control: The minority and/or woman owner(s) must have operational and
11 managerial control of the business.

12 a. The primary consideration determining operational control and the
13 extent to which the minority person and/or woman actually operates the business
14 will rest upon the peculiarities of the industry of which the business is a part.
15 Accordingly, in order to clarify the level of operational involvement of the minority
16 person or woman in the business to be deemed as an M/WBE, the following
17 examples are put forth and are not to be all-inclusive.

18 1. The minority person and/or woman should have some
19 experience in the industry for which certification is sought.

20 2. The minority person and/or woman should be able to
21 demonstrate that basic decisions pertaining to the daily operation of the
22 business are independently made.

23 3. The minority person and/or woman should have some technical
24 competence in the industry for which certification is sought. The minority
25 person and/or woman should have a working knowledge of the technical
26 requirements of the business needed to operate in the industry.

27 b. Managerial control means that the minority and/or woman has the
28 demonstrable ability to make independent and unilateral business decisions
29 needed to guide the future and destiny of the business. For a minority and/or
30 woman to demonstrate the extent of his/her control, the following examples are

1 put forth and are not intended to be all-inclusive:

2 1. Corporate bylaws or partnership agreements or other
3 agreements should be free of restrictive language which dilutes the
4 minority's or women's control, thus preventing him/her from making those
5 decisions which affect the destiny of the business.

6 2. The minority person and/or woman should be able to clearly
7 show, through production of documents, the areas of control such as, but
8 not limited to:

9 i. Authority and responsibility to sign payroll checks and
10 letters of credit.

11 ii. Authority for negotiations and signature responsibility
12 for insurance and/or bonds.

13 iii. Authority for negotiations and/or signature services.

14 If the owners of the firm who are not minorities or women are disproportionately
15 responsible for the operation of the firm, then the firm is not to be considered an MWBE
16 within the meaning of this program. Where the actual management of the firm is
17 contracted out to individuals other than the owner, those persons will be considered as
18 controlling the business.

19 (3) *Commercially useful business function.* A MWBE is considered to perform
20 a commercially useful business function when it is responsible for execution of a distinct
21 element of work of a contract and carrying out its responsibilities by actually performing,
22 managing and supervising the work performed. Businesses who merely act as a conduit
23 do not perform a commercially useful business function and will not be eligible for
24 certification as a MWBE. In determining whether a business performs a commercially
25 useful business function, consideration will include, but not be limited to, whether the
26 business adds a value to the product or service provided; whether the business takes
27 possession of the product or service provided; whether the business has a
28 distributorship agreement arrangement with the manufacturer of goods supplied;
29 whether the business warrants the product or service provided; whether the business
30 maintains sufficient storage space to keep the product in inventory; whether the

1 business maintains sufficient inventory to meet the requirements of its contracts;
2 whether the business provides the product or service to the public or other business
3 other than a governmental agency.

4 (b) Application procedures: All applicants wishing to be considered as certified
5 businesses must apply for M/WBE certification by completing an M/WBE disclosure
6 affidavit which can be obtained through the office of small business assistance.
7 Applicants must submit the documentation listed below, as appropriate to their business
8 and all of its affiliates. The office of small business assistance may request any other
9 documentation necessary to determine eligibility. Documents not in English must be
10 accompanied by a certified translation. In instances where the applicant business has
11 not been in existence three (3) years, it shall provide the documentation for the years
12 the business has been in existence.

13 (1) Corporations.

14 a. List of the corporation's current full-time and part-time employees
15 by length of service;

16 b. Articles of incorporation, including date approved by the state, and
17 any subsequent amendments;

18 c. By-laws;

19 d. Prior three (3) years' financial statement prepared by an
20 independent CPA or accountant;

21 e. Prior three (3) years' federal corporate tax returns, including all
22 schedules, as signed and filed;

23 f. Resumes of principals and management personnel of business
24 showing education, training and employment with dates;

25 g. Stock transfer agreement(s);

26 h. Any necessary licenses to perform the work for which certification is
27 sought;

28 i. Copies of last three (3) months' corporate payroll;

29 j. Stock ledger;

30 k. Copies of the corporation's distribution of profits for the previous

1 year;

2 l. Copies of third party agreements such as rental and lease
3 agreements, management agreements, or purchase agreements;
